FROM THE DIRECTORS

The birth of any child is a precious gift from God, yet each year we gather to celebrate the birth of the Son of God—the greatest gift given to us all. “Unto us a Son is given...” On December 25th, we exchange gifts with friends and loved ones, but it’s important to remember the eternal gift that brought true joy to the world. This Christmas, we pray that each of you embraces the true meaning of the season. Remember His name— Jesus, Wonderful Counselor, Mighty God, Everlasting Father, and above all, the Prince of Peace.

TEACHER FEATURE

Ms. Camille

Ms. Camille has been a dedicated member of the Wieuca community for 14 years and brings an impressive 32 years of teaching experience to her classroom. Since beginning her career in November of 1993, teaching has grown into far more than a profession for her—it has become a true calling. She finds deep fulfillment in guiding, nurturing, and supporting children each day as they learn, grow, and discover the world around them. What makes Wieuca especially meaningful to Ms. Camille is its positive, supportive, and low-stress environment. Ms. Camille notes If a concern arises—whether personal or work-related—Ms. Jane is always available with wisdom, guidance, and real solutions. Maria and Deidre are just as supportive and knowledgeable. I'm truly grateful for all of them and for the strong leadership that makes Wieuca such a special community. This sense of community is one of the many reasons she loves being part of the Wieuca family.

At the heart of her teaching philosophy is the belief that children need consistency, understanding, and unconditional love. She strives to meet each child exactly where they are developmentally, honoring their unique pace rather than treating them as one uniform group. To check for understanding, she relies on what she affectionately calls "the spinning wheels"—the visible moments when a child's mind is connecting ideas. She also uses open-ended questions to encourage deeper thinking and help children express their understanding in their own words.

With warmth, experience, and a passion for early childhood education, Ms. Camille creates a classroom where every child feels supported, seen, and celebrated.
